LITTELL'S LIVING AGE,

E. LITTELL & Co.; cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenaeum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who wish to keep themselves informed of the rapid progress of the movement---to Statesmen, Divines, Lawyers, and Physicians---to men of business and men of leisure,---it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome [illegible] what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:---

"WASHINGTON, 27th December, 1815.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

PROFESSOR A. C. BARRY'S

TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close.—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

From the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood. Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

NEWPORT.

BY CRANSTON & NORMAN,

127 Thames Street.

MONDAY MORNING, SEPT. 9, 1850.

☞Now that the doom of the late Professor Webster is forever sealed in this world, the man and all the circumstances connected with the last year of his career on earth, and which have kept his name so conspicuously before the world, during that period, will soon be forgotten by the crowding and exciting events which are constantly claiming the attention of men. But before the veil is drawn over all these, it is wise and well for us to learn a salutary lesson from his case, and to improve the moral which all connected with it so forcibly impresses on the mind.

Two great and all-important lessons are to be learned from the closing of this fearful tragedy; and they are these:—We should learn never, under any circumstances whatever, wickedly to oppress our fellow-men; and just in proportion as we are favored and blessed in a worldly and pecuniary point of view, by a higher power than ourselves, should we bless and be merciful unto those with whom we have dealings. This is a lesson which the late Dr. Parkman never learned, and his neglect of this ultimately cost him his life. We would not speak lightly of the dead, we would not rudely tear upon the grave and expose its contents to public contempt,—neither would we viciously arraign a man's frailties before the public, especially if nothing was to be gained by it. But in a case like this, where the lessons are so marked, and where the benefit to be derived from them is so great, we feel less unpleasantly in recurring to the past, even though we are compelled to uncover the portal of the grave.

As we said just now, this first lesson the late Dr. Parkman never learned. It is said that, in many respects, he was a charitable man, and gave considerable to the poor; this may all be very true,—yet there can be no doubt that he was, as a general thing, particularly to his debtors, a very oppressive and unmerciful man. He wrung the last cent from the depressed and impoverished debtor; he squeezed the last drop of blood from the last pound of flesh, to speak metaphorically, on every occasion. Mercy was not an attribute of his nature—universal kindness was not an element of his heart—true charity was not a jewel of his soul,—and in consequence of these frailties, aye, these sins, he died the death of violence.

impress it upon all, from his fate let us learn a lesson of the highest importance and endeavor, under all circumstances, and in every condition of life, to be truly merciful and charitable, to the utmost of our ability, towards all our fellows in this brief life of prosperity and adversity.

The second great and even more important lesson to be learned from this heart-rending tragedy is,—to govern and fully control our passions on all occasions and under every variety of circumstance. This lesson Professor Webster never learned, and his neglect of this vital principle ultimately cost him his life by a most ignominious death.

Let us learn from his mournful fate and by his degrading death, always, and in every instance, no matter what the temptation or what the provocation, carefully to subdue our passions, and, above all things, never to give vent to them by acts of violence, because we know not, in an excited moment, what may be the result of a rash act.

Therefore, as we would be the recipients of mercy hereafter, let us be merciful while we are on earth; and as we would be richly and everlastingly rewarded beyond the grave, let the effort of our existence be, to resist all manner of temptation, while in this world of sin, even to the endurance of insult and injury. These are the great and cardinal lessons which are taught by the Christian religion; and these are the chief of the immaculate precepts which the Savior of the world came to inculcate, and which He so zealously practised during his life among men.

New Arrangement between Jenny Lind and Barnum—Movements of the Nightingale.—Last night the particulars of a new contract were ratified by Mr. Barnum and Mdlle. Lind. By this agreement, which supersedes all former contracts, the sum of $1,000 per night, for one hundred and fifty nights, will be secured to Mdlle. Lind, in addition to which the nett proceeds of every night will be divided equally between the parties. On the other hand, as an equivalent for this liberal offer on the part of Mr. Barnum, Mdlle. Lind has agreed to sing during her engagement in any part of Europe or America. It is probable that she will visit London during the Great Industrial Exhibition of 1851. She also intends to give Concerts in this city until the price of tickets shall be brought down to the minimum rate of $3, so that the fairest opportunity of hearing shall be afforded the public. Under the circumstances this is a most liberal arrangement, and we doubt not will be considered so by the public at large.—*N. Y. Tribune.*

BY TELEGRAPH.

CONGRESS.

Washington, Sept. 6th.

Senate.—Mr. Houston gave notice that he should, on Monday next, ask to make a personal explanation of his difficulties with a member of the other House.

House.—The Post Office bill was received from the Senate, and on motion referred to the committee on ways and means.

The bill for the retired list of the army was on motion taken up and passed.

Several private bills, &c., were also taken up and passed.

The Ewing report was then taken up.

Mr. Richardson spoke in favor of the majority report, and denounced the course pursued by Mr. Vinton, the author of the minority report.

Mr. Vinton explained, and the minority report was then ordered to be printed.

Pending further debate, the hour of 12 arrived, when Mr. Howard's appeal from the Speaker's decision against the reconsideration of the engrossment of the Texas bill came up.

The speaker affirmed his decision and stated his grounds for doing so, quoting precedents, &c.

Mr. Howard explained the grounds of his appeal, which were altogether of a different character.

Mr. Duer moved to lay the appeal on the table.

The yeas and nays were taken and the motion was lost—77 to 123.

Previous question was sustained.

The yeas and nays on the appeal are now calling. It will undoubtedly be carried, and the vote on the engrossment reconsidered.

The House again reconsidered the Texas Boundary Bill, and on its order to engrossment it was passed by a vote of 108 to 98. On the announcement of this there was a most boisterous burst of applause.—Order being restored the bill was passed by 107 to 97. An attempt was made to attach to this bill a clause providing a Territorial Government for New Mexico, and until much excitement the House adjourned.

Washington, Friday, Sept. 6.

A very general excitement prevails here with reference to the vote in the House yesterday upon the Texas boundary bill.

The effort to bring up a reconsideration of the vote will probably be unsuccessful.

If the California bill is now taken up, an attempt will be made to attach to it the boundary and territorial government bill,—a plan which I am inclined to think has a good chance of success.

[illegible] Stuart, of Virginia, formerly member of Congress, is talked of for the Secretaryship of the Interior.

Vermont Election.—The Whigs of the Old Green Mountain State have fought a good fight, and achieved a complete victory over an unprincipled coalition of spurious Free Soil with its Pro-Slavery ally.—We submit below, returns from 19 towns, which comprise nearly four-fifths of the population of the State. In these the vote stands as follows:

Williams, Whig	10,238
All others	10,685

In these same towns last year the Whig majority was only 1038, showing a nett Whig gain of 1315. This insures the election of the whole State ticket by the people, for the first time since 1844.

In the first Congressional district there is no choice. In fifty-four towns Lyman, the regular Whig candidate, has 3519, to 2913 for Mr. Miner. There are over three thousand votes thrown for the two Locofoco candidates. We hope next time our friends in this district will show a united front and elect whoever may be the regular candidate of the Whig District Convention.

In the second district, Hebard, Whig, has 1496 majority over all others. Five towns remain to be heard from, which will not reduce his majority below a thousand.

In the third district, Mr. Meacham is re-elected by a majority not far from twelve or fifteen hundred.

In the fourth, Bartlet, Loco, succeeds Peck, Loco, by less than the usual majority.

In the House, we have returns of 120 Whigs to 81 opposition, a slightly increased majority from last year.

In the Senate, the Whigs have elected two in Bennington, three in Windham, four in Windsor, three in Rutland, two in Addison, two in Chittenden, three in Franklin, and one in Orleans—20 in all; and probably one in Essex and one in Grand Isle.—The opposition have only three in Orange, two in Washington, two in Caledonia, and one in Lamoille; in all 8.

Well done Vermont!—*Bost. Atlas.*

☞A Very Appropriate Present—The Liverpool "Times" says that a silver tea-kettle was presented to Mdlle Lind by one of the charitable institutions of that city. The donors doubtless selected that particular utensil to enable them to accompany its presentation with that classical air, "Jenny, put the kettle on."

The Jenny Lind Prize Song.

TO THE PUBLIC.

The undersigned has the pleasure of announcing that, after a laborious and faithful examination of the Songs presented in competition for the Two Hundred Dollar Prize for the best song, to be sung by Jenny Lind as a Greeting to America, the Committee have unanimously awarded the said Prize according to the statement in the following letter, which is herewith submitted to the Public. P. T. BARNUM.

New York, Sept. 5, 1850.

New York, Sept. 5th, 1850.

P. T. Barnum, Esq.—Dear Sir:—The Committee invited by you to select a prize song, to be sung by Mdlle. Jenny Lind, have examined all the productions that have been offered for that purpose, consisting of over seven hundred, and they herewith present you the result of their consultations.

Among the songs which have been submitted to their examination a large number were found to be destitute of the poetical merit which would entitle them to be taken into account.

Of the others, two were unanimously selected by the Committee as in many respects being equally deserving of the prize; but in the opinion of Mr. Jules Benedict, one of them was superior in point of musical adaptation, and on that account has received their unanimous vote.

The sealed envelope accompanying this Song was found to contain the name of Bayard Taylor, and he is accordingly pronounced the successful candidate.

We are, dear Sir, yours sincerely,
GEORGE RIPLEY,
JULES BENEDICT,
L. GAYLORD CLARK,
J. S. REDFIELD,
GEO. P. PUTNAM.

JENNY LIND TICKETS.

Castle Garden was crowded at 10 o'clock this morning, and is so as we go to press with this edition, 2 P. M.

The first choice of seats sold was from 1 to 10 tickets, and was struck off to Genin, the hatter, for $235 for one ticket, after a sharp competition. He selected the centre chair in the second row, immediately in front of the stage.

The second best bargain, for Barnum, was the sale of the private box, on the south-eastern side of the stage, opposite to Jenny's,—the only two in the house,—Monnet, of the New York Hotel, who, after competing with Howard, of the Irving, and others, had it struck down, at $36 a seat,—for four seats.

The average price of choice seats was $10 chairs in front, side-ways of the centre of the stage, sold at $6 to $8, freely. Some of the centre seats in the gallery brought about the same prices.

A great number of seats in the gallery, and some of the side chairs, on the floor, went for $5. At 1 o'clock, no seat had been sold under $4 1-2,—the minimum, or fixed price being $3,—When there is no advance on that sum, the sale stops.

Irving House, Astor House, and Hall & Son, were the only purchasers of any considerable lots of tickets. The rest were mostly struck off to individual purchasers.—*N. Y. Express, Sat.*

Death of Rev. Dr. Judson.—By the overland mail from India, the painful intelligence has reached the Missionary Rooms, of the decease of Rev. Adoniram Judson, D. D., senior Missionary of the American Baptist Missionary Union. He died on the 12th of April last, on board the French barque Aristide Marie, of Bordeaux, bound for the Isle of Bourbon, at the age of 62.—Dr. Judson left Maulmain on the 3d of April, accompanied by Mr. T. S. Ranney, in compliance with the direction of his physician. Mrs. J. would have gone with her husband, but it was at the hazard of her life, and he would not consent. For a day or two hope and fear alternated, but before the pilot left the vessel, he felt so much revived as to dictate a message to Mrs. Judson, expressing a confident belief that he would recover. Scarcely, however, had the pilot got off when he relapsed, and suffered great pain, which continued until he was released by death. He was buried in the sea on the same evening, in lat. 13 deg. North, lon. 93 deg. East, within the range of islands that run down to the straits of Malacca, within nine days after the embarkation. Dr. Judson embarked for the East in 1812, and has thus been more than thirty-eight years in the Missionary service.

Jenny Lind's Concert.—The tickets for the first concert contain full directions as to the seats to be occupied, the arrangements of the room &c. A lamp, corresponding in color with the ticket, indicates the part of the house to which it entitles the holder.—Ushers, with badges of office, are to be stationed in different parts of the house; and books will be sold only within the garden, containing the songs to be sung.

Royalty.—The British House of Commons have voted twenty-five thousand dollars for *stables* for the infant Prince of Wales! The lad will be able to use the horses about the year 1860

The dead! the dead! do they love us still.

BY W. H. CRANSTON.

The dead! the dead! do they love us still,
In the regions where they roam,
And Oh, are their spangled wings o'er bent
Over us, in their former home?

Do they feel for us as once they felt,
When the earth was their abode,
Or have they now too pure to know
Aught save the love of God?

Can they see our deeds from the spirit land,
And bless all the pure in heart,—
And does the birth of a sinful thought
To them deep grief impart?

Oh, say do the loved of earth yet live
In a far-off sunny clime,
And shall we meet in their fond embrace,
Beyond the wreck of time?

Oh, yes, I know that they love us still,
And feel as they felt on earth,
Save the loss of a tempting spirit of ill,
Which lessened the angels' worth.

But they know the storms that darken life,—
They have felt the woes we feel,
And they pray for strength to nerve our hearts
And a power to live with zeal.

They have loved us once and would greet us when
The clouds grow thick at even,
And folding us 'neath their snowy wings,
Thrice welcome us home to heaven.

They are with us still in our hallowed dreams
In the quiet hours of night,
And they bend above the trembling soul,
With a spirit's pure delight.

They cheer us on in the path of life
With Hope's extatic thrill,—
Then let us have pure faith in God,
For the dead,—they love us still!

General Taylor's Remains. Colonel Bliss, in a letter to Christian Roselins, of New Orleans, in behalf of Mrs. Taylor, relative to the removal of the remains of General Taylor, says:—

The desire which you express, in behalf of the citizens of Louisiana, that the remains of the late President should be removed to that State for final interment, exhibits a degree of respect for his memory which is the more feelingly appreciated by Mrs. Taylor, because she has many valued friends in your State, and cherished associations connected with her residence there; she, therefore, deeply regrets that the wish of the committee cannot be complied with. Her own feelings, and those of the members of her family, now here, are decidedly in favor of the removal of the remains to the family cemetery, near Louisville, where the father and kindred of her late husband have been buried. She is sure that the committee will understand the motives which lead her to prefer this disposal of the remains.—She is not the less grateful to them and to the people whom they represent, for the distinguished tribute of affectionate regard to the memory of the departed, which their application conveys, and for which she begs leave to tender her warmest acknowledgements.

Tournament.—A letter from Fauquier White Sulpher Springs, published in the Georgetown Advocate, concludes with the following paragraph:

"There are here, at this present time, visitors from New Orleans and Richmond, Georgetown, Washington city and Baltimore, Philadelphia, New-York and Boston, as well as other cities, which want of time forbids me to enumerate.

"On last Friday afternoon I witnessed a tournament, which was simply preparatory to the grand tournament of the season, which is to come off on Wednesday, the 4th of September.—Mr. J. Shackleford Green, of Virginia, was the successful competitor, and the crowned Queen was Miss Lavinia Kirkland, a beautiful, intelligent and accomplished lady of Baltimore, who wore her honors meekly and gracefully."

The newspapers tell a story of an old woman who gazed at the meteoric shower; believing that the day of judgement was at hand, she urged her husband to lose no time in collecting his debts. The Belfast Journal relates a conversation in a store upon the same subject. One young man put in a question. Suppose the world was to be destroyed on or before the first day of June, what should we busy ourselves about until that time? This was a tough question which no one seemed ready to answer. Turning to an idle, lounging lubber, he asked:

"What would you do Bill?"

"I'll tell you," says Bill; "I'd get all the trust I could, and agree to pay in July."

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston, have determined to change the name of their store in Providence, which will hereafter be known by the name of the New England Tea Company.

A NEW & VALUABLE IMPROVEMENT IN DAGUERREOTYPING.

THE MAGNETIC BUFF.

MR. J. A. Williams would inform his friends and the public that he has an improvement upon the common magnetic hand buff, his being in the form of a wheel and geared in such a manner that its velocity will produce a greater quantity of Electro Magnetic Fluid than can possibly be produced by the hand buff. In this manner the plate is highly polished and at the same time so well charged with the Magnetic Fluid as to produce Daguerreotypes of a superior quality almost instantly.

Rooms in Case's building near the Fountain at the foot of Parade. jy20.

MR. LAWRENCE takes great pleasure in stating to the inhabitants and visitors of Newport, that his new Daguerrian Gallery, opposite Atlantic House, is now ready for visitors, where may be seen many specimens of eminent gentlemen and Ladies, such as the Rev Dr Cox, Patten and Skinner, Father Mathew, the Hon. Henry Clay, John M Botts &c &c. Also he would state that the new sky-light which he has had constructed, is a facsimile of the one at New York, which has gained him so much celebrity for the bold, mellow, life-like tone of Pictures which it produces.

A GREAT CHANCE TO MAKE MONEY!

To lease for five years, from October next, my Confectionary Store, in South Touro Street, with a good run of custom as ever I had for the last 22 years, and always will have as long as the Creams are continued to be made like VOSE'S! I will also sell all my fixtures, marble tables, carpets, soda works, moulds, pyramids, baking utensils and everything to carry on the business with all the "secrets of the order" or trade. Any one wishing to buy that don't understand the business can work with me through the Season and become initiated in the business, so as to carry it on. The business is a good business, and the reason that I give it up is because it has been so. For further information inquire of

MRS. E. KIDDER'S CORDIAL

The most perfect remedy for the cure of
Cholera, Cholera Morbus, Dysentery, Summer Complaints of Children, and Diarrhea, either recent or protracted.

THE public have been familiar with this medicine for nearly twenty years; and through its intrinsic merits it has created for itself a wide spread market, both in this and distant countries. It has never been equalled by any other medicine and there is no probability that it ever can be excelled. Its powers in effecting an immediate CURE in every case of

CHOLERA, DYSENTERY AND DIARRHEA,

in every country, and in every climate, has astonished the world. Physicians have looked on their dying patients with wonder and astonishment, at seeing them revive and become restored, when the last spark of life seemed to be flickering, and all hope of recovery had fled. Such cases have been every-day occurrences. It is not too much to say, that not a single case from either of these diseases need be lost, when this medicine is administered in any reasonable time, so sure is it to cure.

It seldom requires more than a few days to cure the worst cases; and all recent cases are cured in the course of a few hours.

At this season of the year every family should have it at hand in case of sudden attacks as the immediate use of the Cordial will entirely prevent any serious sickness.

DR. CHRISTIE'S

GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one single cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

Sidney, New Jersey, July 12, 1848.

Dr. A. H. Christie—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skillful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning *from effect to cause,* I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System: every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO AFFLICT ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned;* the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured.* Such is the wonderful and happy results of this experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, with happy results, I believe in every case.

I am, dear sir, very respectfully yours.
ROBERT W. LANDIS.

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and decided cases of PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated and diseased* LUNGS—such hopeless cases as were never before cured by any other medicine. *So utterly hopeless* were some of the afflicted persons, as to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medicines which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS in the *LUNGS,* and elsewhere internally, as *certainly and easily as the* PURIFYING EXTRACT *cures and heals ulcers externally.* This Balsam cures NINE cases of *Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the *following* complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults,* and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is considered *by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the particulars of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many others, almost equally hopeless,* and innumerable cases of *Coughs and Consumptions CURED,* which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan,* about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs,* as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted, or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved,* and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself a* WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania,* wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years,* was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio,* wrote to us, October 2, 1848 and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that *unrelenting monster, Consumption,* had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon be *in his grave.* But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has *snatched him from the hand of the destroyer,* and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man.*"

S. D. BANN, Esq., *merchant and proprietor of Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and testified to his CURE, and all the above named facts.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., *of East Otsego, Otsego Co., N. Y.,* respectable druggists, wrote to us: "We have just heard, through Mr. Whiteman, a respectable citizen of this place, of an important cure of *Consumption,* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM,* and its medical efficacy has raised her from a dying state, so that she is *now going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her kind friends and neighbors consider the medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.,* said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough medicine could be sold there; that *it had raised some as if from the grave*—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his Physician told him it was useless to *take any more medicine.* He then, when *no hope was left,* began to take BRANT'S BALSAM—GOT WELL—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.,* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and adds: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons,* several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 24, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a case of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; his *blood at the lungs,* and every symptom seemed to indicate that he must die; but astonishing to all, he is now able to labor, and rides all over the county. He used only *five bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father *says no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.,* January 15, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction,* than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *dangerous* and severe sickness, which all the doctors had *given up as incurable.* They said she MUST DIE *with a Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and *now she is well.*"

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children or grown persons,* cured *without any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum,* or what is called SUMMER COMPLAINT—if BRANT'S PULMONARY BALSAM be administered to the child. It should, however, in such cases, be used in *twice as large potions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL!

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.,* wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by being witness to some most *wonderful cures* of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.,* January 18, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly,* and *give better satisfaction,* than all the other medicines we have for sale."

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters,* invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects ... ing of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug,* and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It *acts specifically* upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!!

The Handsomest, Cheapest, and Best Article for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, [both at home and from abroad,] the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light.—Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

No. 1 Beach-street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN.
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

☞ *Warranted to give perfect satisfaction, or the money will be refunded.*
